

How to read your Water Use Report

BOB SMITH
123 MAIN ST
ANYTOWN, UT 12345

This user was below their estimated use for the month of May.

Report Date: 5/19/2020
Account Number: 08-114-0042W

This report is provided as a free resource to manage your irrigation water. For additional information, please visit <http://www.roywater.com>

Estimated need is unique for every user and is computed based on the irrigated area of your parcel and daily weather conditions. This is based on the amount of water needed for a healthy, green lawn.

SECONDARY WATER USE REPORT

| Account Summary | |
|---------------------------------------------------------|-----------------|
| Water Used This Month | 7,408 gal. |
| Your Water Need Based On Your Landscape Area This Month | 14,167 gal. |
| Your Landscape Area | 5,402 (sq. ft.) |
| Year To Date Use | 7,408 gal. |
| This Month's Percent Of Use To Estimated Need | 52% |

Landscape area is currently calculated using an average amount of irrigable area. In the future, it will be calculated using aerial photos of your property.

Your landscape area is derived from aerial imagery and encompasses your entire lot according to county records, excluding your home and driveway footprint. Estimated need is calculated based on 30 year evapotranspiration needs of your landscaping.

Information:

| Meters Assigned To Your Account | | | |
|------------------------------------------|-----------------------------|---------------------------|-----------------------------|
| Meter Number | Previous Read 10/15/2019 | Current Read 5/15/2020 | Water Used This Month |
| Meter Service Address: 1234 W 5678 S ROY | | | |
| 76212940 | 74,358.40 | 75,348.76 | 990.36 cu ft. 7,408 gal. |

The information box is where you will find any news, reminders, or updates the District would like to share with its customers.

This scale provides the user information regarding their actual use compared to their estimated need for their property for the year.

To find the percent of your estimated need you have used, divide the water you used this month (top box) with your estimated need (second from top box).
